The Norwell Food Pantry has been a part of the community since 1991 doing our part to help those families in need.

In 1996 the Kids-in-Need and Adopt-a-Family were created as we saw the need to expand other than food.

No one needs to go hungry...Assisting families and individuals since 1991

Kids-in-Need

Kids-in-Need is a year-round program for any child in Norwell whose family may be having difficulty providing necessities; field trip assistance, school supplies, school snacks, backpacks, winter clothing etc. There are times when families may need help with more than food and the Kids in Need program tries to fill those gaps.

Adopt-a-Family

The Adopt-a-Family program has been created to assist all during the holiday season. This includes a single living alone, a senior couple, or a family. We strive to keep our patron's privacy and dignity while matching those offering to help with as much information as possible.

For those looking for assistance or wanting to help please connect with us in the early fall but no later than Thanksgiving.
